26417 North Lake Wohlford Road, Valley Center, CA 92082

GPS Coordinates: Latitude: 33.193266 | Longitude: -116.971293

PAC rent the large green area labeled 2 for our single ring trials. The ring will be set up near the middle, so there is room to kennel at the top and bottom of this green area.

The drive off Lake Wohlford Road into the property is about where the word Google is at the bottom of the photo. Turn left into the dirt area, RV parking, located below ring #1. Passenger vehicles such as cars, vans and pick-ups may drive up the narrow lane to the main parking area that is under the trees at the end of ring #2.

Few rules...Please try to avoid dogs eliminating on the grass. There are dirt areas and 3 fenced dog runs located to the left of Ring 1. Do not leave dogs unattended in runs, and remember to pick up after them. We do not have use of the Ring 1 grass area. There are private residences on the property, please respect their privacy. Stay safe, this is rattlesnake country.
